WORLD-CLASS INSTRUCTORS

You're in good hands.

Whether it's our safety protocols or our technical systems, we pride ourselves on prioritizing safety above all else. But the smiles are always bigger if you can go fast, and that's why we provide drivers of all skill levels with the key driving techniques to enjoy maximum excitement in the best environment to test limits.

Enter Maxx Ebenal, RMM's Chief Driving Instructor. Don't let his calm demeanor fool you, when he gets behind the wheel he's smooth as silk and fast as heck—as many passengers will attest to. Maxx earned his racing stripes competing all over the world, and for the last few years he has made RMM his summer home, learning all the places where you should shift up, mash the gas, turn in, or brake to the apex.

When you come to RMM, Maxx and his team of instructors will translate all those years of racing experience into the skills to get you up to speed if you're new, and to go even faster if you're not.

Maxx is awesome! Great instructor, knowledgeable, patient, and very organized. Had a phenomenal day for my first track day ever.
